## Valvoline EGR + Turbo Cleaner

Removes gum, varnish, sludge and carbon deposits instantly  
Cleans EGR valves and Turbo chargers.

### Cleans performance robbing deposits

Equipment coated with gum, varnish, carbon or dirt becomes sticky and inefficient. Sticking EGR valves increase harmful emissions. Polluted Turbo chargers decrease power performance and shorten the life of the turbo. Valvoline EGR + Turbo cleaner is a blend of selected solvents, carefully formulated to maximize cleaning power. Stubborn deposits are removed quickly and safely.

### Easy to use

Shake well before use. Clean the tumbling points and hinges of the EGR valves. Clean the turbo charger to address excess soot accumulation. All application must be done at an outside temperature of 10 - 35°C. The objects to be cleaned should be cooled down till < 35°C. Aerosol spray can contains a special valve enabling you to spray in any position.

### Technical data

Appearance	Clear Liquid
Specific Gravity at 20°C.	0.745
Flash Point,	<0°C.

### Comment

Always read and follow warning labels. Never use around open flames, sparks or very hot surfaces. Product contains solvent. Do not store the aerosol spray can in hot places like the inside of your car exposed to the sunlight.
