## Valvoline Leak Finder Spray

Valvoline Leak Finder Spray is a special product for detecting suspected leaks in all pressurized gas systems, compressed air, helium, nitrogen etc. as well as in iron, copper, and plastic piping. The product starts producing bubbles in areas where a leak is present. Leak Finder Spray is non-toxic and non-flammable.

### Easy detection

Valvoline Leak Finder Spray is always ready for use.  
It detects suspected leaks instantly which save time and money.  
Makes working with gases safer.

### Easy to use

Shake well before use.  
The surface of the object should be clean and dry.  
Hold the aerosol spray can at a distance of 20-30 cm. from the object to be treated and see where foam building appears. The product starts building bubbles at areas where a leak is present.
